Field Experience Component

- EDUC 2301, as the course title indicates, is an introduction to the special populations within the general education classroom and a requirement for the Associate of Arts in Teaching (AAT) degree. In addition to attending all class meetings throughout the semester, students will be given four education/field-experience assignments, each one expected to entail approximately 4 hours to equal 16 hours of total time. **Students will also need to complete and pass a criminal background check before attending any observations.**

- **For ALL Classroom Presentations & AAT Observations:** professional dress is required. Professional dress is considered a collared, button-down or golf shirt, Docker-style pants, slacks, skirts, or dresses. (Girls, if you wear a dress, it needs to be cut no shorter than just above the knee—NO MID-THIGH dresses are permitted). Professional dress does NOT include sun-dresses or shirts with spaghetti straps, hoodies, sweat pants, flip-flops, t-shirts, ball caps, blue jeans, colored jeans with holes, tennis shoes, shorts, miniskirts, or any other type of casual clothing for sports or leisure. Students failing to respect these rules will receive a zero “0” for the observation and assignment and will not be allowed to make it up.
- **Professionalism:** I place a **great** value on professionalism. It is KEY to being an effective teacher, and this semester is your opportunity to demonstrate this skill. Your participation/attendance/professionalism grade is a subjective grade, which is judged based upon my perspective and measured by your actions. It will be expected especially during your field experiences. Please remember that we are guests in the schools that we observe. This should be taken into consideration in your dress, speech, and actions. When you become a teacher, your professionalism is judged by students, fellow teachers, administrators, parents, and the community.

What is professionalism?

Some examples of professionalism include, but are not limited to: effective communication, punctuality, respect for fellow classmates, instructor and staff (in both actions and speech), being prepared for class and proper behavior and attitude in the field (see observation requirements), how you handle situations and interact with others, maintaining confidentiality, and above all...maintaining positive public conversations held with other students concerning the education courses and program, especially in the presence of students that have not yet entered the program.

General Assignment Information

- **Attendance/Participation/Discussion/Professionalism (5%)**
The following assignments are included in this portion of your grade: 8 weekly Flipgrid discussions, participation in the 3 group (Zoom) discussions, completed observation verification forms, & conduct during classroom observations

Transcribe your interview (i.e. type up a transcription of your interview questions and answers) and type a 1 – 1 ½ page reflection. Guidelines and a rubric for this assignment, along with other pertinent instructions will be passed out in class (or made available on Blackboard).
***PLEASE NOTE: Your EDUC 2301 Lesson must be a different lesson from the lesson you presented in EDUC 1301. It must also be a different lesson from the practice lesson we do early in the semester.**
- **Field Experience & Field Notes (20%)**
You will visit 4 different school campuses to complete 16 hours of observation in the field over the course of the semester. Be sure to read carefully the “Observation Procedures and Rules” sheet. You will be required to turn in a signed (by school personnel) verification sheet to Mrs. Jameson at the conclusion of each observation. You will also need to take detailed field notes over each field experience. This process will be taught in class. Your field notes should provide demographic information about the campus/school district and classroom and should include a sketch of the classroom. Additionally, your field notes should address specific (given) questions. You will submit each of these field notes through Turnitin.com (links will be provided). Guidelines and a rubric for these field notes will be passed out in class (or made available on Blackboard). In

order to submit your field notes, you must have turned in your verification sheets. Field notes are due within 2 weeks of your classroom observation date. If an emergency arises (or you wake up sick) and you must miss your observation, please contact Ms. Jameson by email (observations@southplainscollege.edu) and by completing the Observation Absence form. *Failure to attend your scheduled observation times (without a valid and documentable reason) will result in zeroes for all assignment-related grades, including the final observation project.*

Please Note: *If students do not complete the required background check, observation paperwork sign up for observations by the given due dates, they cannot complete the observations and will be dropped from the class*

- **Final Observation Reflection Project (10%)**

This final observational analysis paper will count as your final in this class. Using your field notes, you will write a final analysis paper. In this paper, you will highlight three different concepts related to diversity in the classroom and planning instruction to suit the needs of your diverse students, citing examples and/or non-examples of each of these concepts from your observations. You will be expected to use correct APA formatting and citations. You will submit this assignment through Turnitin.com (a link will be provided).
